

Audience Test

Tasks

1. Input username and password on login screen
2. Sign Up for an account to register
3. Set up chore list and add housemates to group

Questions

1. What do you think our app is about?
2. What do you first want to click when you look at the home screen? Where does your eye go first?
3. Do the images on the website seem fitting for a chore application? What ways can we better the aesthetics of our design?
